

Tractors Built for the Best™

FRICUBE
Tractors for Specialists

Welcome Agricube!

Featuring an elegant design and a renewed style, the new Carraro Agricube Series range is presented to the specialised tractor market to meet the many demands of this sector. The new Agricube Series with FPT engines has been designed to blend the Performance, Quality, Trust features with the Versatility of its wide range of applications, from the Vigneto to the open field. Its compact design and high choice of configurations coupled with the comfort offered by the modern ergonomic solutions, make Agricube the perfect tractor for all the various activities typical of specialistic sectors.

F100
AGRICUBE CARRARO

Agricube Frutteto

The range

- › New design and new contents: the Agricube Frutteto (F) series is available with FPT F5C engines in powers of 75 and 88 hp and with FPT NEF100 hp
- › The three different axle widths, the availability of versions with cabin or platform, with tiltable front frame, the wide range of transmissions and the options mix, all make this new series of tractors extremely versatile and well-suited to any needs.
- › The availability of the option with built-in front power take-off and front lifter, Cat. II with lifting capacity of 1,300 kg, further enhances this range's great versatility.
- › The entire range has a mechanical rear lift (basic version) and electronic rear lift with external lift control (optional extra). Both versions guarantee a lifting capacity of 26kN.

Agricube Features

Frutteto

Motor

- › The elegant monobloc hood is easy to open and close and makes access for maintenance simple, blending style and practicality.

Rear tow attachment and lifter

- › A 30kN option is available, thanks to the use of an additional jack.
- › The three-point hitch is available in the following configurations: with fixed, cat. 2 adjustable ball type lower links, category 2/1/N with adjustable quick couplers cat. 2/1/1N.

Remote control electronic lift

- › The electronic lift's remote control, positioned on both rear fenders, facilitates handling of the rear lift.
- › The practical mechanical command remote control is available for the mechanical lift.

Hydraulic system

- › The hydraulic circuit capacity (86 l/min with two pumps in the basic configuration and 101 l/min with the three pump option), guarantees the capacity necessary to meet the highest technical working demands.
- › Use of the lateral SCVs is comfortable and practical thanks to the easy access, with their position guaranteeing excellent visibility from the driving seat.

Cabin

- › Available ventilated/heated (base) or heated/air-conditioned (option)
- › Soundproofed platform suspended on 4 silent blocks
- › The new cabin for special tractors has been designed to provide all the necessary comforts. It is the perfect answer for those who rightly demand to work in a comfortable, yet practical, environment
- › The range includes: cabin width 1,200 mm

Hydraulic system

- › Wide choice of distributor options for the specials range:
 - 2 DE distributors with 4 rear outputs push-pull, flow control on base plate for simultaneous action of distributor and lift
 - 3 DE distributors with 6 rear outputs push-pull, distributor flow control with 2 or 3 pumps
 - 3 DE distributors with 6 rear outputs and 4 side outputs, push-pull, distributor flow control with 2 or 3 pumps.

Driving seat

- › Comfortable, ergonomic and practical, operations are made even easier by the intuitive controls
- › Every single Agricube detail has been designed to simplify use and make driving a more pleasurable experience.

Details

- › Even the smallest detail has been developed to guarantee a compact, clear-cut, dynamic design: fundamental requirements for those working with specialised crops.
